OUR PORTFOLIO

We are a lead market for international property catastrophe and per risk excess of loss treaty programmes. We also provide capacity on a proportional basis.

The portfolio is geographically diverse, benefitting from our long-established relationships with cedants worldwide.

Our underwriting philosophy remains constant; we look to partner a core group of cedants whose underlying data transparency, pricing of risk, reinsurer continuity and reinsurance programme structure are key to the utilisation of our capacity.

We work closely with brokers and cedants in their local markets, attending many conferences and events.

All clients benefit from the extensive knowledge and experience of our team, which has earned a good reputation for delivering technically innovative tailor-made solutions.

At Chaucer, we also offer treaty capacity for other classes, including marine, specialist lines and engineering, to provide cedants with further opportunities to develop their relationships with us.

“WE WORK HARD TO UNDERSTAND OUR CEDANTS’ BUSINESS AND SEEK TO PROVIDE REINSURANCE SUPPORT ON A LONG-TERM BASIS”
