ENERGY

ENERGY > WE ARE A RECOGNISED LEADER IN THE INTERNATIONAL ENERGY MARKET, PROVIDING BESPOKE SOLUTIONS AND AN UNRIVALLED SERVICE TO CLIENTS

OUR PORTFOLIO

We provide insurance cover to a broad range of entities in the energy industry. Our clients range from multinational oil companies through to the energy interests of private individuals and we cover a multitude of different client types in between. We aim to provide an innovative solution to each client's needs.

Our position in the market reflects our expertise, we lead more than a third of the business we write.

We believe strongly in the importance of relationships, which we work hard to build. We focus on delivering the high standards of service required to maintain successful partnerships with energy companies and brokers alike.

Our account has historically focused on traditional exploration and production operating risks, but has now broadened to include midstream, downstream and renewable offerings.

As global energy demands increase and the need for alternative sources of energy grows, we are committed to providing cover for the full range of energy exposures from the traditional to the new.

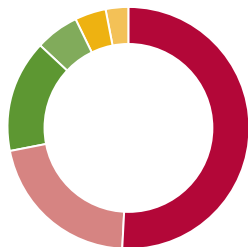

Worldwide Service

We have offices in London, Singapore and Houston. We also have a partnership with ScandIns, who act as our agents in Oslo. Through this network, we deliver an integrated, efficient and specialist service to our clients worldwide.

Claims

We have a full service specialist Energy Claims Team, with the capability and experience required to handle even the most complex incidents. Our Underwriting and Claims Teams work in partnership to provide an outstanding service to our policyholders.

Business Mix 2010

■ 51%	Upstream	■ 6%	Midstream
■ 21%	Construction	■ 4%	Downstream
■ 15%	Liabilities	■ 3%	Renewables

Assistant Underwriter

Chris White
Head of Energy

Upstream and Construction

From development conception through to operation, we offer coverage for a broad range of energy asset types, many of which are groundbreaking in their design.

Our client base is diverse. From shipyards and sub-sea installation specialists through to some of the largest platforms found in the most challenging environments, we offer construction coverage for projects worldwide.

Underwriting Assistant

James Brown
Class Underwriter

Upstream and Construction

We cover offshore platforms, mobile offshore units, pipelines and sub-sea completions, onshore rigs, contractor equipment and other energy assets. The coverage offered includes physical damage, business interruption and control of well.

We believe that our expertise is unparalleled in this area, with our underwriters worldwide possessing the depth of knowledge and technical ability required to understand and respond to all client needs.

Midstream, Downstream and Renewables

We offer physical damage, machinery breakdown and business interruption coverage for downstream and midstream energy business, both on a standalone basis and in conjunction with upstream risks. The downstream account covers assets such as oil refineries and petrochemical plants. The midstream account includes gas separation plants, LNG facilities, onshore pipelines and oil and gas storage.

Renewable Energy

Our renewable energy portfolio includes offshore and onshore wind farms, photovoltaic plants, bio fuel plants and hydro generation projects. In addition to providing physical damage and business interruption coverage for operating risks, we can also provide construction coverage for renewable energy projects. We are dedicated to developing innovative insurance solutions for the evolving products and demands of the alternative energy sector.

Julian Harris
Class Underwriter

Rachel Weatherup
Assistant Underwriter

Energy Liability

We offer casualty products in a lead position to the oil and gas industry, on a standalone basis or in conjunction with other energy coverages that we provide. Our clients have operations both on and offshore, ranging from utilities to interstate pipelines and from shallow onshore exploration to deep-water drill ships.

We work with brokers and industry professionals to create products that meet the unique requirements of, and deliver tailored solutions to, our clients. We can provide coverage on an occurrence or claims-made basis and consider both primary and excess placements for operations in the US and worldwide.

CHAUCER HOLDINGS PLC

Chaucer Holdings PLC is diversified insurance group. We underwrite business at Lloyd's, the world's leading insurance and reinsurance market.

Our business

We are an independent business, built on underwriting expertise.

We are committed to underwriting excellence and our objective is to build a leading Lloyd's insurer.

We deploy specialist underwriters in over 28 major insurance and reinsurance classes, balancing global marine, energy, non-marine and aviation with UK motor and nuclear.

Our underwriters work hard to position themselves uppermost in the thoughts of brokers and clients seeking to place or renew

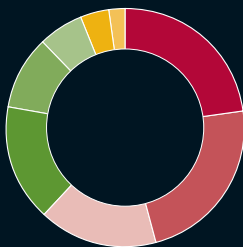

business. Our strategy is to be a leading underwriter within each major class of business that we write.

We support underwriting with a highly qualified and professional claims team, which has extensive Lloyd's marine and non-marine claims management experience.

We are also market leaders in turnkey solutions, which provide a practical solution for investors seeking a Lloyd's presence but not wishing to have a standalone managing agent.

Headquartered in London, we have international operations in Copenhagen, Houston and Singapore to provide access to high quality business worldwide.
