**CHAUCER
SINGAPORE**

SINCE 2007, CHAUCER SINGAPORE HAS PROVIDED DEDICATED CAPACITY AND LOCAL REPRESENTATION IN THE ASIA-PACIFIC REGION, ALL WITH THE SECURITY OF CHAUCER SYNDICATE 1084 AT LLOYD'S.

We are a subsidiary of Chaucer Syndicates, the Lloyd's Managing Agent, and authorised as a Service Company to accept business on the Lloyd's Asia Platform. Our office in Singapore is the hub for Chaucer Labuan and China.

We work closely with international and local brokers to offer regional clients a lead capacity for a broad range of Specialty Treaty, Binders, Facultative and Direct Products.

DIRECT AND FACULTATIVE

ENERGY

Our Energy team provides lead capacity for offshore energy, offshore construction, operator's extra expense, business interruption, upstream energy property, energy liabilities, construction liabilities and on/offshore renewable energy operation and construction.

MARINE

We protect marine risks, including coverage for general cargo, oil shipments, project cargo for infrastructure, and hull and machinery risks, including increased value, loss of hire, loss of earnings and builder's risk. We also have an online cargo product for freight forwarders.

AVIATION

We cover airport owners and operators, refuellers, caterers, ground handlers and fixed base operators.

POLITICAL VIOLENCE

We offer lead capacity in political violence, which includes sabotage and terrorism, terrorism liability, SRCC and malicious damage and event cancellation due to terrorism.

PRODUCT AVAILABILITY

Our products are available through Chaucer Singapore. We also have a license to underwrite in Labuan and China to enable clients and brokers to benefit from our specialist regional knowledge and dedicated service in these territories.

CREDIT AND POLITICAL RISK

Our coverage includes CEND, CCP, contract frustration and credit, including non-payment and non-performance by public and private obligors, exchange transfer, non-honouring of documentary letters of credit and the wrongful calling of on-demand bonds. We will also cover war on land and political violence in conjunction with the other perils written.

TREATY

NON-MARINE

Property: catastrophe XOL, risk XOL, proportional and retro, including agricultural and engineering lines of business and non-standard ART.

Casualty: motor, employers' liability and WCA, public liability, professional and financial lines, miscellaneous XOL, retro, and bouquet treaties.

Accident & Health: life and non-life per risk and catastrophe XOL and retro.

MARINE

We write a range of treaties including upstream energy, aviation, marine hull, P & I, cargo and species, political violence and retrocession.
