ABOUT CHAUCER

We are a leading specialty insurance group providing clients with proven smart risk solutions for underwriting and claims. Our enterprising and trusted experts offer market-leading cross class capabilities, empowered decision-making and a tailored approach.

With our headquarters in London, and our international hubs for Europe, MENA, Latin America and Asia, we protect clients in over 200 countries and territories worldwide. We offer clients the flexibility of both Lloyd's and, through Chaucer Dublin, the company markets.

Our dedicated claims team completes our underwriting proposition, epitomising the capabilities required to successfully handle even the most complex incidents. We provide a first class claims service and most importantly, pay valid claims promptly.

Our clients also benefit from our membership of the Hanover Insurance Group, Inc., one of the largest insurance businesses in the United States. The Hanover provides a wide range of property and casualty products and services to individuals, families, and businesses. The Hanover maintains excellent ratings from A.M. Best, Standard & Poor's and Moody's. For more information, please visit hanover.com.

With all these strengths, and a proud underwriting history going back to 1922, we are confident that we can be your specialist insurer of choice.

INSURANCE
MARKET**

CHAUCER IS A RECOGNISED AND PROMINENT INSURER THROUGHOUT THE ENERGY SECTOR

We are committed to providing our clients with the clarity and confidence needed in an industry that requires superior management of risk.

We provide solutions for a full spectrum of worldwide exposures; from the conventional and well-established, to new and alternative sources of energy and strive to provide our clients with one of the strongest energy underwriting propositions in the Lloyd's market.

INSURANCE SOLUTIONS ACROSS THE ENERGY INDUSTRY

We provide risk management solutions for clients operating across the globe in all areas of the Energy industry with a maximum line size of up to USD \$200m.

UPSTREAM – from oil and gas exploration and development conception through to operation and eventual decommissioning

MIDSTREAM – including pipelines, tanks and LNG plants

DOWNSTREAM – including refineries and petrochemical plants

RENEWABLE ENERGY – including wind power (onshore and offshore), hydroelectric, solar, bio and geothermal energy

COVERAGE INCLUDES:

- Property Damage
- Construction
- Business Interruption
- Control of Well
- Third Party Liability

We also work together with Chaucer's other specialty teams to provide multi-line solutions for clients. These include Political Risk, Sabotage and Terrorism, Nuclear energy, Marine and Cargo risks.

LEADING UNDERWRITING CAPABILITIES

We have energy expertise and significant leadership experience in each of our sector teams. We work hard to understand the risks that our clients confront and empower our underwriters to make decisions that respond to each client's individual needs. We pride ourselves on delivering a first-class service and are always available to provide intelligent, pragmatic and timely solutions.

RISK ENGINEERING PARTNERS

Our dedicated engineering support works in partnership with our clients to increase understanding and then help mitigate their risks. Having attended surveys all over the world, ranging from small independents to multi-national integrated energy companies, we believe that our expertise brings added insights to help reduce the likelihood of a loss through process safety management and cost-effective risk improvement solutions.

AWARD WINNING CLAIMS EXPERTISE

Our dedicated claims team completes our underwriting proposition, epitomising the capabilities required to successfully handle even the most complex incidents. We provide a first class claims service and most importantly, pay valid claims promptly. Our department has in aggregate excess of 100 years of London Market claims experience and Gracechurch, a sector leading insurance research company and independent authority on London market performance, recognises our claims service as 'outstanding'.

STRONG INDUSTRY VOICE

We have representatives in all energy-related insurance market association committees including underwriting, engineering and claims. Through these we work to ensure that the energy insurance community addresses the emerging risks and demands of the energy industry.

PROMOTING EFFICIENCY AND LEARNING THROUGH INNOVATION

Our business model is flexible and adapts to the future business landscape. We drive market modernisation and embrace technology to make our transactions more efficient and promote enhanced data analytics to provide a better understanding of risk which helps to facilitate product innovation.

EXCELLENT FINANCIAL SECURITY

Being part of Lloyd's, we enjoy strong financial security with every policy supported by an A (excellent) rating from the rating agency A.M. Best, A+ (strong) rating from Standard & Poor's and AA- (very strong) rating from Fitch Ratings.

TAILORED WORDING SOLUTIONS

We understand that each energy company has different needs and we work closely with clients and brokers to ensure our policy wording reflect their specific requirements. Our dedicated wording experts are on hand to review policies and to ensure that we provide clear and appropriate coverage in a timely fashion. We aim to remove ambiguity and work with our clients to run loss scenario workshops and stress test to understand how a policy would respond prior to an event occurring.

FIRST CLASS SERVICE WORLDWIDE

Our underwriting expertise is delivered around the world with offices in London, Dublin, Dubai, Singapore, Shanghai, Oslo and Miami.
