ABOUT CHAUCER

We are a leading specialty insurance group providing clients with proven smart risk solutions for underwriting and claims. Our enterprising and trusted experts offer market-leading cross class capabilities, empowered decision-making and a tailored approach.

With our headquarters in London, and our international hubs for Europe, MENA, Latin America and Asia, we protect clients in over 200 countries and territories worldwide. We offer clients the flexibility of both Lloyd's and, through Chaucer Dublin, the company markets.

We have a disciplined risk appetite in each of our chosen classes and work closely with brokers and clients to ensure that each risk we underwrite fits with their and our requirements. We invest sufficient time with each client to understand the uniqueness of the industry, environment and operations involved, even when we know the sector in detail. We have our own extensive modelling capabilities both in house as well as 3rd party, which enable us to present a different position to our clients. We write each risk on its own merits, balancing rigorous technical assessment with underwriter insight and judgement.

Our dedicated claims team completes our underwriting proposition, epitomising the capabilities required to handle even the most complex incidents. We provide a first class claims service and most importantly, pay valid claims promptly. Gracechurch, a sector leading insurance research company and independent authority on London market performance, recognises our claims service as 'outstanding'.

Our clients also benefit from our membership of the Hanover Insurance Group, Inc., one of the largest insurance businesses in the United States. The Hanover provides a wide range of property and casualty products and services to individuals, families, and businesses. The Hanover maintains excellent ratings from A.M. Best, Standard & Poor's and Moody's. For more information, please visit hanover.com.

With all these strengths, and a proud underwriting history going back to 1922, we are confident that we can be your specialist insurer of choice.
